

- Bodine Leads Truck Series Championship Battle by 231-point margin

- Has Earned Three Wins this season, 20 in his Truck Series Career

- Germain Racing has 21 Truck Series Victories and Eight Pole Awards

August 16, 2010 (Mooresville, N.C.) - In June, when Germain Racing was heading to Texas, the team announced their new partnership with Valvoline. To give that announcement some extra energy, Todd Bodine drove the Valvoline logo into victory lane at Fort Worth, capturing his first win of the 2010 season. Since then, Bodine and the No. 30 Tundra team of Germain Racing have collected two more victories and they are looking very forward to having the Valvoline logo back on board this week at Bristol Motor Speedway.

“Having Valvoline join the Germain Racing team has been a great partnership. Bristol is our first race with Valvoline as the primary sponsor on the No. 30 Valvoline Tundra. The truck looks great and we think it will look even better running up front, under the lights, at Bristol ,” said Bodine, who has competed in 37 NASCAR races at Bristol, scoring two victories in the NASCAR Nationwide Series and three top-five finishes in five Truck Series starts.

Crew chief Mike Hillman Jr. will lead the Germain Racing team into battle on Wednesday at Bristol. The team will race chassis TRD-106, which last saw action this season at O’Reilly Raceway Park.

“What this team has accomplished this season has been a testament to the commitment of everyone that works at Germain Racing, Toyota and Triad. We hope to continue to get results that truly measure up to the extra efforts that everyone has put in to make this No. 30 Valvoline Tundra team what it is today. We are heading to Bristol with one thought in mind, and that is to get the Valvoline logo back into some victory lane photographs,” said Hillman.

With a 231-point lead in the NASCAR Camping World Truck Series, two wins in a row and three

wins total along with a pole award this season, Hillman has been asked if it's time to start focusing on winning the Truck Series title rather than being aggressive and going for the wins.

“With the equipment we have, it would be a shame to tell our driver he can't put his Toyota Tundra out front. So, no, we aren't changing our strategy. Germain Racing will put the No. 30 Valvoline Tundra on track at Bristol with the goal to win the race. It's the best way to get the most points and the best way to thank Valvoline, Toyota, Triad and everyone back at the shop for all the work they put into this truck,” said Hillman.

Watch Bodine the No. 30 Valvoline Tundra on Wednesday, August 18th at Bristol Motor Speedway. Qualifying will be on SPEED at 4:30 PM ET, with race coverage starting at 7:30 PM. Follow Germain Racing on Twitter @GermainRacing or on the web at Germainracing.com or become a Facebook fan.
